

‘COLLAGE MAKING’ – (CLASS II)

On 11th Feb, 2019, an activity 'Collage Making' on various means of transport was conducted for students of class II. Students brought the pictures related to different means of transport and then sorted the same according to their mode of transport like, land transport, air transport and water transport. Then, they pasted the pictures under the correct heading and made a beautiful collage.

Thus, the activity lead to enhance their knowledge regarding various means and modes of transport.
