

## **EXPLORING CALENDAR ACTIVITY (CLASS - II)**

On 16<sup>th</sup> December, 2018, 'Exploring Calendar Activity' was organized for the students of Class II. The students brought a pocket calendar and an A4 size sheet. Then, they were asked to find out the day and date of an important event from the calendar and to write about their exploration on their sheet. Thus, the activity lead them to understand the concept of calendar in a much easy and interesting way.
