

JODO STRAWS ACTIVITY (CLASS II)

“Tell me and I forget, teach me and I may remember, involve me and I learn”

To reinforce the concept of shapes, on 22 Nov, 2018, ‘Jodo Straws Activity’ was organized for students of Class II. The students were provided with straws and connectors and were given a demo for making various 3d shapes like cube, cuboid etc using these. After that, the students worked enthusiastically in groups and showcased their marvellous creations .Thus, this activity lead them to understand the shapes in a very interesting way.
