

LET'S LEARN COLOURS

(8.4.2019 TO 11.4.2019)

Recognizing and identifying the colours and their names is an important part of a child's development. Early identification of colours helps to create the cognitive link between visual clues and words. In order to explore colours, various fun filled tripod activities were planned for our learners namely Colouring Activity, Clay Moulding Activity, Colour Hunt Activity and Sorting Of Colours. Through experiential learning the outcome was fantastic. Here is the glimpse of the children enjoying the activities.

Yellow Colour Day
