

# WATER PLAY (23.4.2019)

Summer is here! One of our favorite activities here at D.A.V. is enjoying the amazing water equipment we have in our outdoor areas.

Water play provides hours of rich and valuable early childhood experiences to develop children's creativity and imagination. Water play is both enjoyable and educational. Children developed their fine motor skills and hand- eye coordination through actions like pouring, squirting, scrubbing etc. It enhances social skills and encourages cooperation among students.
