

Fun With Colours

(9.4.18 – 12.8.18)

Every child is an artist as Art is as natural as sunshine and as essential as nourishment!

Various Art and Craft Activities were organised in L.K.G, where the students did Colour Mixing Activity, Tearing and Pasting Activity and Hand Printing Activity.

It was worth watching how their tiny hands were busy all around.

Here is a glimpse of the children thoroughly enjoying the activities.
