

ANNEXURE-XI

MEDICAL FACILITIES AVAILABLE

FIRST AID TREATMENT

We have established a Medical Room. One regular qualified Medical Officer and a Nurse have been appointed. We provide basic first aid treatment to all the students, teachers and staff during school hours. The first aid treatment includes both basic and emergency medical care. First aid treatment provided in Medical Room includes following conditions:-

- All type of injuries: - blunt, open, cut, abrasion, bruise.
- Gastro Intestinal:- Pain abdomen, loose motions, vomiting
- Respiratory:- Cough, asthma, allergic bronchitis
- Central Nervous System: - Dizziness, basic epileptic care, care during hypoglycemic attack.
- ENT:- Throat pain or infection, Nose Bleeding, Ear pain
- Mouth:- Toothache, wobbling tooth, bleeding gums, cracked lips, mouth ulcer
- Eye: Eye pain, eye infections like stye, conjunctivitis, chalazion, foreign body
- Skin:- Insect bite, boil, rash, allergy, burns, sunburn
- Joints:- Sprain, Fracture, Localized joint swelling
- Generalized illness:- Body ache, headache, Fever, Cold, Allergy
- Special care provided to children with specific health issue.
- In emergency condition the child is transferred to the nearest tertiary health care centre after taking consent from the parents.
- Empanelment of Medanta (Medicity) for treatment of students, teachers and staff.
- Accidental Insurance for students & staff (TATA AIG)
