

“PUT THE SIGN- ACTIVITY”

“Put The Sign ($>$, $<$ or $=$) Activity” was conducted in class I. The students actively participated to brush up and revise the concept of greater, smaller and equals to. The teacher asked the students individually to compare the given numbers and put the sign ($>$, $<$ or $=$) flash cards accordingly. This activity proved to be very effective to recapitulate the concept and helped further to strengthen the ‘Analytical Skills’ of students.
