

RUN, ADD & WIN ACTIVITY (CLASS- I)

Class -1 conducted an activity –‘Run, Add and Win’ on 01.12.18, to recapitulate the concept of addition. The students had a fun race, where they picked the number cards (0- 9) placed at certain distance and added the numbers mentally ‘one by one’ thrice. They reached the finishing point with the total of those numbers .The winners were well appreciated in class .Through this activity all the students were motivated with each other and it was an effective learning session for them.
