

# **WATER PLAY AND SINK OR FLOAT ACTIVITY** **(CLASS - LKG)**

On 10th May, 2018, 'Sink or Float activity' and 'Water Play' activities were conducted for L.K.G students. The students were provided with various objects like a steel spoon, eraser, crayon, leaf, flower etc. They came to know through the activity that the heavy things will sink and the light things will float on water.

Thus, this fun filled activity lead to enhance the knowledge of our young DAVians.
