

STORY NARRATION

Stories , which can be described as the series of events told in a sequential manner, are cherished by all the children whole heartedly. Keeping this view into consideration , a story narration session was conducted in the activity room of the school on 09.04.2018 for the children of kindergarten wing .The session was a complete success as the children were completely engrossed and were pleased to share the moral of the story with others. The central character of the story, Mimi ,was everyone's delight.
