

'GRAB YOUR POSITION' ACTIVITY- CLASS 1

To introduce the concept of 'ORDINAL NUMBERS' , class 1 conducted an activity –GRAB YOUR POSITION on 06.08.18, where the students were asked to run till the end point and pick the number cards randomly. After this, they arranged themselves in order and were given position such as first, second, third, fourth and so on. The idea behind the activity was to make them understand the concept of ordinal numbers thoroughly. This activity was very much enjoyed by all the students.
