

## 'AAKAR-PARIVAAR' ( LKG)

(09/07/2018-13/07/2018)

Learners comprehend better when they are given an opportunity to learn through play way method and experiential learning.

In order to recapitulate the concept of shapes, an activity 'Aakar Parivaar' was organized for LKG students. The cut out of various shapes like - circle, triangle, square, rectangle etc. were provided to the students. They were asked to arrange these colourful shapes to form different scenes. It was wonderful to see the young children coming up with amazing creations.
