

Technology can become the “wings” that will the educational world to fly farther and faster than ever before- if we will allow it.

Digital Creations

The amalgamation of technology in the teaching learning process has not only made it more interesting but also equipped students with new tools for self expression. An inter-house competition titled 'DIGITAL CREATIONS' was organised on 19.08.19 in which students of grades III to V made digital paintings using MS Paint software. The topic of the painting was 'Flying Into The Future'. The students made intriguing futuristic paintings that brought into focus their imaginative power and creative thinking. Arnab Tiwari of Shakti house and Deshna Banerjee of Kirti house won First and Second prize respectively. Tanishq Awasthi of Kirti house and Supash of Shakti house got Third and encouragement prize respectively.

E-Magazine

On 21.08.19, an E-Magazine competition was held for the students of grade IV and V. The students designed winsome, aesthetic and artistic e-magazines on the topics *Incredible India* or *Earth Talk* using Open Office Impress. The judges were impressed by the designing skills of the students as their e-magazines were not only artfully made but they were highly informative and relevant too. They had a tough time choosing the winners! *Anusha Sharma* and *Aditree Pandey* of *Kirti* house got *First* prize. *Shwetank* and *yuvraj* of *Jagrati* house got *Second* prize. *Jaskeerat* and *Aarit* of *Jagrati* house got *Third* prize.

Cyber Quiz

Technology has forever changed the world we live in. Computers have become an integral part of our life. They are used in schools, offices, markets and at homes too. Thus students nowadays are very tech savvy. A Cyber Quiz was held for the students of Class III - V on 2 September. It was an inter-house competition in which three students from each house participated. The quiz was divided into five rounds. The students answered questions related to hardware, software and latest innovations in the field of computers.

They also identified famous celebrities, devices, logos etc. The last round of the quiz was a rapid fire round in which the contestants solved jumbled computer related words, gave the full form of abbreviations, spelled technical words etc. All the houses were well prepared for the quiz and were able to answer the questions correctly and confidently most of the times. The quiz was a closely contested competition. It was an equally engrossing and educational experience for the audience too who got many chances to answer queries. In the end it was the team which held their nerves better and showed more presence of mind that became the winner! Jyoti House which comprised of Himanshu Sharma of III B, Shubh Vashishth of IV D and Mudit Maswal of V E won the First Prize and Shakti House which comprised of Ira Singh of III E, Divyam Pahuja of IV A and Arnav Tiwari of V C won the Second Prize.
