

Puzzlomania

"Mathematics is the knowledge with which God has written the universe" Galileo.

On 31st July a math quiz titled 'puzzlomania' was organized. It was a quiz based on mental ability questions. There were 5 rounds in the quiz which tested various aspects of the children's Mathematical knowledge. It was an inter house competition in which 3 students from each house competed against other houses. The tricky questions tested not only the understanding of various Math concepts but also the application skills of the students. All the houses were well prepared and the competition was very close. Dhairya of 3rd B, Parth of 4th A and Tanishq of 5th E of Kirti house won the competition.
