

## **SUBTRACTION BOWLING ( CLASS – II )**

On 07<sup>th</sup> Sep, 2018, ‘Subtraction Bowling’ activity was organized for students of Class II. In this activity, the students were supposed to hit the glasses with the ball. Then, they had to subtract the number of glasses knocked down from the total number of glasses kept.

Thus, this activity was a great fun for kids as they learned the concept of subtraction while playing the interesting bowling game.
