Dear parents

This is with regard to the matter of early-drop of students at school gate before the stipulated time. At DAV Public School, Sector-49, Gurugram safety & security of students is of prime importance. It has been informed earlier also that for receiving the students in the morning, our school gates will open at 7:10 am & close at 7:25 am. But it has been observed that a few private vans drop-off students around 6:45 am which is the time when the school building gets ready for the day. Hence, the parents must make sure that their wards come to school on time. Looking forward to your full and sincere cooperation in the interest of safety and security of the students.

Regards
